Tales of Animals in War

Remembrance Club House

The members of the Remembrance Club House (Gandy, Squeaker, Win, Simone, Ellie, and Bonfire Jr.) have ancestors who were pretty amazing animal heroes and who worked to help humans in times of war and during peace support missions.

Every Remembrance Day (November 11th), it is important to remember the men and women who served and died in war and peace support missions. It is also nice to remember the brave efforts of the animals that served and helped these people.
