

Making a Wreath

Hi, I'm Gandy!

This year, I'm going to make a wreath to honour everyone who protected peace and freedom worldwide, like my relative, Gander the dog.

I'm going to go to a Remembrance Day ceremony on November 11 where I will place my wreath at the local monument, called a cenotaph. Would you like to make a wreath too?

How do I make a Remembrance Day wreath?

Materials needed:

1. Green, red and black construction paper
2. Glue
3. Scissors

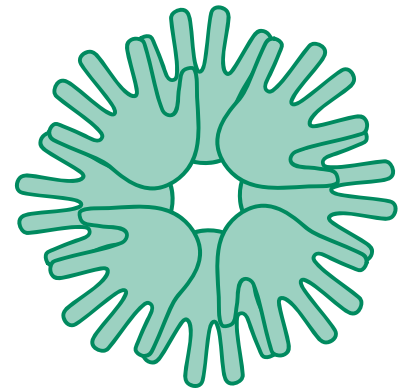

Step One

With a pencil, trace your hand print 8 to 10 times onto sheets of green construction paper.

Step Two

Cut out the prints and glue them together like this:

Step Three

Decorate the wreath with red construction paper poppies or other remembrance pictures.
