

Is it acceptable to use generative AI in education?

For each scenario, decide if the use is unacceptable, somewhat acceptable or totally acceptable. Justify your choice.

Name: _____

Scenario 1		
Using GenAI to search a large database to find information about an infantry regiment from your province that fought in the First World War.		
Unacceptable	Somewhat acceptable	Totally acceptable
Justification:		
Scenario 3		
Using GenAI to colourize a black-and-white photo of Canadian fallen on the beaches of Dieppe on August 19, 1942.		
Unacceptable	Somewhat acceptable	Totally acceptable
Justification:		

Scenario 2		
Using GenAI to sharpen a blurred photo of Canadian troops coming ashore at Juno Beach on June 6, 1944.		
Unacceptable	Somewhat acceptable	Totally acceptable
Justification:		
Scenario 4		
Using GenAI to search a large database to find information about a soldier from your hometown who died in the Battle of Vimy Ridge on April 9, 1917.		
Unacceptable	Somewhat acceptable	Totally acceptable
Justification:		

Which scenario was the hardest to evaluate and why?

Your turn! Think about an idea or project that would be an acceptable use of GenAI in education.
